GAME DESCRIPTION

Welcome to "**Junkyard Kings**," where rats rule over a realm of discarded treasures and forgotten relics! With a grid of **7 reels and 7 rows**, this game offers a thrilling **cluster pay slot** adventure set amidst the chaos of the junkyard. To secure wins, players must **match 5 or more symbols** to form winning clusters. Trigger Free Spins with 3 scatters and you'll receive 10 free spins where cell multipliers increase until the end of the feature. But if you're lucky enough to land 4 scatters, a permanent doubling wild will guarantee enhanced wins from the first spin, staying active until the end of the feature.

With the chance to win up to **12,000 times your stake**, "Junkyard Kings" offers high-stakes gameplay and exciting opportunities to uncover hidden riches amidst the debris. Are you ready to test your luck and seize the treasures that await?

FEATURES

INCREASING CELL MULTIPLIERS

Each win will trigger an increase in cell multipliers by 1x if a winning symbol occupies that cell. The maximum value for cell multipliers is 100. Cell multipliers apply to any win involving the cell, and multiple cell multipliers are cumulative. In the base game, cell multipliers reset after each spin, while in Free Spins, cell multipliers increase until the end of the feature.

PERMANENT DOUBLING WILD

When a Permanent Doubling Wild lands on a cell, it doubles the multiplier of that cell. After participating in a win, the symbol stays on the grid and moves to a new cell next to it, doubling the multiplier of that cell. After doubling, it acts as a regular wild by replacing any paying symbols.

DOUBLING WILD

When a Doubling Wild lands on a cell, it doubles the multiplier of that cell. The symbol is removed from the grid along with other winning symbols after participating in a win. After doubling, the symbol acts as a regular wild by replacing any paying symbols.

WILD SYMBOL

Replaces any paying symbols and is removed from the grid along with other winning symbols after participating in a win.

WALKING WILD

When a Walking Wild symbol lands, it walks and leaves a trail of regular Wild symbols. The Walking Wild can move 2-10 steps in a random direction.
