

The background is a dark, atmospheric alchemist's workshop. A large, ornate window with a circular 'M' logo in the center is the primary light source, casting a warm, golden glow. The room is filled with shelves of jars, bottles, and various alchemical apparatuses. In the center, the title 'Merlin's ALCHEMY' is displayed in a bold, stylized font. 'Merlin's' is in a smaller, rounded font, while 'ALCHEMY' is in a larger, blocky font with a dark outline. The title is surrounded by several glowing, multi-colored crystals (gold, green, red, blue) and a large, glowing orange and red circular aura.

# FEATURES

## MYSTERY SYMBOLS

Mystery symbols reveal a random paying symbol or special symbols! All revealed paying symbols are identical.

## SPECIAL SYMBOLS

The Wild symbol can replace any other paying symbol. If the grid only has Wild symbols, they pay according to the highest paying symbol in the paytable.

The Activator Wild applies the Global Multiplier to the wins it is part of and replaces any other paying symbol. If several Activator Wilds appear on the grid in one spin, each one applies the global multiplier, and these multipliers are then added together.

The Sticky Activator Wild appears only during the Spellbook Free Spins feature and remains until the end of Free Spins. Its behavior is otherwise the same as the Activator Wild.

\*ADDITIVE

The green potion adds its value to the Global Multiplier.  
Possible values for the green potion: **1x, 2x, 3x, 4x, 5x, 10x, 25x, 50x, 100x**

\*MULTIPLICATIVE

The red potion multiplies the value of the Global Multiplier.  
Possible values for the red potion: **x2, x3, x4, x5, x6, x7, x8, x9, x10**

Note: Additive values from the same spin are always added first, followed by multiplicative values.
