GAME DESCRIPTION

Step into the enchanting world of **Merlin's Mania**, where the legendary wizard Merlin returns with even greater magic to elevate your gameplay

In Merlin's Mania, the mystic realms unfold across a **6-reel, 5-row** grid where **scatter pays** rule the day. Score a scatter win by collecting at least 8 of the same symbol anywhere on the screen. Watch as Merlin weaves his spell, turning **mystery symbols** into matching icons that **boost your wins**, with powerful wilds adding multipliers to the global win multiplier and sticky activator wilds for even greater rewards.

Prepare for magical moments with the potential to win up to **12,000 times your bet!** The max win can be achieved in all game modes. During Free Spins, lucky players may land a **sticky activator wild** that stays throughout the feature, amplifying your winnings with every spin.

Can you unlock Merlin's secrets and harness the full power of his magic? Dive into Merlin's Mania and let the enchantment begin!

FEATURES

MYSTERY SYMBOLS

2-30 Mystery Symbols can land on each spin. All Mystery Symbols reveal the same random paying symbol. During the base game the below symbols can be revealed:

- Any of the paying symbols
- Adder Wild
- Activator Wild
- Regular Wild

During the **Wizard's Favor** and **Merlin's Insanity Free Spins** features, the following symbol can also be revealed:

- Sticky Activator Wild

ACTIVATOR WILD

Applies the Global Multiplier to wins it contributes to. Replaces any paying symbol. If multiple Activator Wilds or Sticky Activator Wilds appear, each applies the Global Multiplier, and their values are added together. Uses the current Global Multiplier value at the time of the win. Removed from the grid after a win.

ADDER WILD

Increases the Global Multiplier when it appears. Values are added before calculating wins. Can only have additive values. Replaces any paying symbol. Removed from the grid after participating in a win. Possible values: 1x, 2x, 3x, 4x, 5x, 10x, 25x, 50x, 100x

GLOBAL MULTIPLIER

Default value is 1x. Resets with each new spin during the base game. Progressive until the end of the Free Spins!

STICKY ACTIVATOR WILD

Appears only during the Free Spins feature. Functions like the Activator Wild, applying the Global Multiplier to wins. Stays on the grid after participating in a win and remains in place until the end of the Free Spins feature.
