# GAME DESCRIPTION

## TAKE FLIGHT WITH "BUZZ PATROL"!

Join a team of loyal guard flies on duty in this 5x4, 20-line slot where **Hold & Win** features drive the action. Every spin can shift the reels and reveal new combinations as the flies watch over their buzzing territory.

In the base game, **Mini Game** symbols can land at any time, awarding Instant win prizes or helpful special symbols. Instant Win symbols trigger the **bonus game**, locking onto the grid while new symbols drop in to build up prizes, add upgrades, or unlock extra features.

The bonus game has increased chances for **Instant Win symbols and special symbols**, giving you more opportunities to collect prizes, unlock upgrades, and progress through each reel's unique reward path.

With its quirky guard-fly theme, feature-rich **Mini Games** and **bonus games**, and a max win potential of **10 000** times your bet, **Buzz Patrol** delivers a playful and rewarding experience across all modes.

The max win can be achieved in all game modes.

# FEATURES

## INSTANT WIN SYMBOL

Can land during the base game, Mini Game and Bonus Game.

### Possible values on the symbol:

**1x, 2x, 3x, 4x, 5x, 10x, 15x, 20x, 25x, 50x, 100x.**

During the base game Instant Win symbols will not pay out, they can only trigger a Bonus game.

## MINI GAME SYMBOL

Can land during the base game or a Bonus game.

Triggers a mini Hold and Win feature on a separate 3x3 grid.

The total win from the Mini Game is displayed as an Instant Win value on the main grid in the cell where the symbol landed.

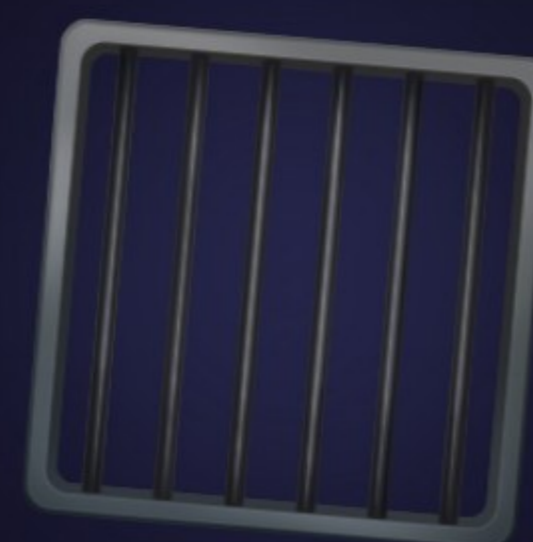

*NB! In the base game the Total win from the Mini Game is always added to the base wins.*

The game starts with 3 spins. Each time a new non-blank symbol lands, the spins reset to 3. If the grid is full or spins reach zero, the feature ends.

During the spin all the blank cells spin.

Following symbols can land during the Mini Game:

## Blank cell

Do not pay out and have no other effect.

## Instant Win symbol

Instant win symbols stay on the grid and they are added up to form a Total win of the Hold and Win game.

## Collect symbol

- Collects all Instant Win values currently on the grid and adds the sum as an Instant Win to the cell the Collect symbol landed.
- All the collected cells are freed up to spin again.
- Only one Collect Grid symbol can land per spin.

## Add Multipliers symbol

- Adds 1-3 random multipliers (in the Mini Game) or 2-4 random multipliers (in the Bonus Game) to random cells.
- Multipliers are applied immediately if they land on an Instant Win value.
- If added to an empty cell, the multiplier stays attached and applies when an Instant Win lands there.
- When the multiplier lands in a cell where a multiplier is already attached the multiplier are summed.
- In case a Collect symbol or Mini Game symbol lands in the multiplier cell, the final win will apply the multiplier.
- Multiplier values are removed from the cell after they are applied to any wins.
- The symbol itself does not stay on the grid and is removed during the next spin.

In case several special symbols land during the same spin, the order of action is following:

- Add Multipliers symbols add multipliers to the grid.
- Cell Multipliers are applied to Instant Win values.
- Collect symbol collects all values.
- Cell Multiplier is applied to the final Collect symbol win.
