GAME DESCRIPTION

Step into the **Arena of Iron!**

Arena of Iron is a **5x4, 20-payline** game set in a brutal combat arena where Wilds and directional multipliers shape the grid. Multiplier Adder symbols fire bonuses across the reels, with the potential to increase wins and create new outcomes from spin to spin.

Trigger the **bonus game** to enter free spins, where Wild symbols become sticky and multipliers remain progressive throughout the feature. With its arena theme, evolving multiplier action, and a maximum win potential of **12,000 times your bet**, **Arena of Iron** delivers a feature-driven experience focused on buildup and progression.

The max win can be achieved in all game modes.

FEATURES

MULTIPLIER ADDER SYMBOL

Adds a random multiplier to every symbol in a chosen direction. Possible directions: up, down, left, right, up and down, left and right, all four directions at once.

Possible values: 2x, 3x, 4x, 6x, 8x, 10x, 15x, 20x, 25x, 50x, 75x, 100x

All multipliers added by one Multiplier Adder symbol have the same value, but several Multiplier Adder symbols can have different values. If a symbol already has a multiplier, the new value is added to the existing one.

After adding multipliers, the symbol transforms into a random symbol from the payable, but not a Wild symbol.

Multipliers apply to any win that includes the symbol with the multiplier.

If a win includes multiple boosted symbols, their values are summed up.

Multipliers reset with every new spin.

When there are several Multiplier Adder symbols, the order of the symbols to act is from top to bottom and left to right.

Note: Multipliers added to FS Scatter symbols are not displayed.

WILD SYMBOL

Substitutes for all symbols in the payable.
Can land during the base game and bonus games.

ROBOT RUMBLE

3 FS Scatter symbols start the bonus game with 10 free spins. This bonus keeps the base game's mechanics with below described differences.

During the bonus game any Wild symbol that lands becomes sticky and remains in its place until the end of the feature. Multipliers added to the Wild symbols are progressive and do not reset between spins.

Multipliers added to any other symbols reset with every new spin. Each scatter symbol during the feature adds +1 free spin.

Note: The spin is added before the win calculation, and the FS Scatter symbol then transform into a regular paying symbol, excluding the Wild symbol.

THE DEATHMATCH

4 FS Scatter symbols start the bonus game with 12 free spins. This bonus game uses the same mechanic as the Robot Rumble bonus game with below described differences.

Each scatter symbol during the bonus game adds +1 free spin.

Note: The spin is added before the win calculation, and the FS Scatter symbol then transform into a regular paying symbol, excluding the Wild symbol.

At least 1 Wild symbol guaranteed on the first spin.
